Introduction to Gaussian: Theory and Practice

Tokyo, Japan
August 27-31, 2018

Application Deadline: August 3, 2018

A Japanese language translation of Exploring Chemistry with Electronic Structure Methods will be supplied to all participants unless an English language version is preferred. Please check this box if you would like to receive the English version:

Additional Information:

We plan to split the hands-on sessions into two groups based on experience level and what attendees hope to learn during the workshop.

To aid us in placing attendees in the appropriate group, please answer the following questions:

What is your current position? _____

Please indicate approximately how many Gaussian calculations you have run:

0

1 - 99

100 - 999

>1000

Please briefly state what you hope to learn during this workshop:
